TECHNICAL TRAINING IN POLAND
AND SOVIET ZONE GERMANY

POLAND'S ONLY SHIP MODEL BUILDING SCHOOL -- Dziennik Zachodni, No 117, 29 Apr 50

The Jelenia Gora branch of IM (Maritime League) conducts 4-month courses in navigation. Recently, of 42 young students completing a course, ten were sent to the maritime school in Gdynia for advanced studies. The others will be sent to various IM centers for further training without charge. These students are eligible to be instructors in navigation after completion of their studies.

The Jelenia Gora branch also conducts a ship model-building school, the only one of its kind in Poland.

TRAINING OF SPECIALISTS IN URSUS -- Trybuna Ludu; No 108, 20 Apr 50.

The Vocational Training Center at the Ursus Machine Shops is training 900 students for the metal processing industry in the industrial school, the high school, the industrial lyceum, and the industrial evening lyceum.

Over the past 5 years, the number of students has grown considerably, but the number of class rooms, study halls, workshops, etc., has remained the same. The iron-works school is located in the shop for aluminum casting.

The construction of a new center is being planned for 1952. This center will accommodate 1,500 students, with living accommodations for 800.

CONSTRUCTS TRADE AND PROFESSIONAL SCHOOL -- Taegliche Rundschau, No 132, 9 Jun 50

The Ruedersdorf Lime Plant will start construction of a Trade and Professional School for Building Materials in 1950. This school will have six classes and will be used to train specialists, masters, and engineers for the building materials trade. A factory training school with four classes, equipped with an apprentice shop and a laboratory, will be attached to the school.
